Dear Randy,

I just wanted to thank you for the tremendous job you did on our addition. It was exactly what we hoped for. The whole process went very smoothly and I appreciate all the attention you gave to us. Every day someone was at our house to address any concerns we had and to let us know what was on the schedule for the week. Your crew was friendly and very conscientious about leaving the premises neat and clean.

It was wonderful how well each phase of the project was planned and orchestrated. Our construction was completed on time and on budget which we were so pleased about. It was a pleasure working with you and everyone in your company. The best part is that our addition looks beautiful and we have you to thank for that.

Thank you so much.

p.s. I'm sorry this letter is so late. I thought I had already written and sent it and then I couldn't find it on my computer this week, so I had to start from scratch. Let me know if you'd like me to put this on note paper or in another format. Our house really is fabulous and we have you to thank for that. Once the backyard is done, you and your wife will have to come to dinner
