Dear Randy,

Thank you very much for a wonderful job on our loft addition. We absolutely love it! We interviewed 5 contractors before we hired your company and we are very pleased with the choice we made. The most important aspects to us of choosing a general contractor were experience, customer service, and a timely project schedule. We were not disappointed in any of the three. Your many years of experience in construction were evident and extremely beneficial in helping us make design decisions. Every issue was address promptly to our satisfaction in a fair and honest manor. The construction schedule was fast and completed within the specified allotted time. We would recommend your company to anyone considering hiring a general contractor and also look forward to hiring you again on future projects. Please feel free to call us if anyone would like to stop by and see your work. We would be more than willing to give them a tour.

Sincerely,
