Randal G. Winter Construction & Painting
24257 San Fernando Road
Newhall, CA 91321

Dear Randal,

We would like to personally thank you and your crew for a job well done. Your painters, carpenters, roofers, electricians and other workers were all very professional, neat and courteous, and finished our multiple projects in a timely manner.

We love the addition to our front entrance. It changed a rather ordinary entrance into a very attractive focal point of our home's exterior. We can't begin to tell you how many compliments we have received.

Our backyard patio covers also look great. You were able to turn our desires for total and filtered shade into a reality. The combination solid and slatted covers look great and allow us the choice of enjoying shade or partial sun.

Our interior paint job turned out perfectly thanks to your expert painters and your own personal color consultation. The paint job is accented by the beautiful crown molding and carefully installed overhead can lighting which both give our home a stylish look.

We were very pleased with the entire construction process – from the initial consultation through the demolition, construction and clean-up phases. We are looking forward to working with you again on our next home improvement project.

Please feel free to use us as a reference.

Respectfully,

Richard and Donna Hobson
