Dear Randy:

I want to congratulate you on a job concluded and well done.

I am thrilled with Ron's carpentry in my family room. Eli and Norm are skilled painters; and Bob did a fine job on the water damage. I am so glad you suggested the vent in Mikey's ceiling; yours was a far superior solution. The attic steps were a great idea and they operate beautifully. Thank you for relocating the framed quilt and hanging my odds and ends. You have a full-service operation.

I wholeheartedly recommend your services and potential clients may feel free to call me.

Sincerely,

K. J. FitzGerald Reuben
