Dear Randal,

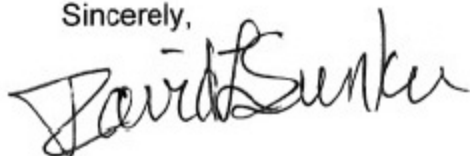

My wife and I are very pleased with the results of your recent remodeling job. Our upstairs game room and bathroom are now complete and represent exactly what we envisioned.

Your quote was reasonable, your timetable acceptable, and the workmen competent. Your employees were always on time and cleaned up each day.

We appreciated your daily supervision and involvement. In fact, because of your efforts the job was completed earlier than expected!

Once again, thank you for an excellent job. We would highly recommend the Randal Winter Construction Company!

Sincerely,
